Certification as a Certified Business Coach and Certified Business Trainer

From January 2025, NLP-coaches and NLP-trainers will have the opportunity to apply for a "Certified Business Coach" and/or "Certified Business Trainer" certificate via the EANLP. All certificates are issued in English, this also applies to renewals of certificates already issued.

Application procedure

Step 1: Application to the EANLP (by mail eanlp@eanlp.eu)

An EANLP application form is required for this. This can be requested from the EANLP and will then be sent digitally as a WORD document. The completed application is then printed out, signed, scanned and sent back to the EANLP.

Step 2: The following certificates are digitally attached to the scanned EANLP application:

- NLP master Coach certificate (if applying for Certified Business Coach)
- NLP trainer certificate (when applying for a Certified Business Trainer certificate)
- Business administration / MBA degree or comparable professional activity
- Proof of business management competence of at least 5 years
e.g: Managing director activity, management activity, management of a department or own company, works council activity

The NLP certificates must

- each bear an official seal of a national NLP association which must be a member of the EANLP.

The coach and trainer training courses must:

- EANLP standard (at least 18 days, at least 135 hours for the coach and trainer certificate).
- The trainers must be recognized teaching trainers/teaching coaches from one of the EANLP member associations.

Step 3: After the documents have been checked, the applicant will receive an invoice from the EANLP. Once payment has been received, the EANLP office will send him/her the certificate document(s) as a PDF.

Schedule of fees EANLP:

A processing fee of € 50.00 plus VAT is charged per certificate for the issue of a new certificate. A fee of € 25.00 is charged for the renewal of certificates already issued. The certificate is valid for 5 years.
